SUMMARY

I am currently pursuing MCA at Visvesvaraya Technological University (VTU) with a strong focus on front-end web development.Proficient in React.js, HTML, CSS, JavaScript, and Node.js as well as beginner in Flutter(Dart), and Firebase for mobile app development.

WORK EXPERIENCE

Web developer intern   **Dec 2023 - Jan 2024**

Developed two projects during online internship Resume Builder and a Web music player which helps me to better understand and apply my knowledge of HTML, CSS and JAVASCRIPT.

Resume Builder -Designed a user-friendly interface with form validation to ensure accurate and complete user inputs.Using JavaScript,Main focus on making the application responsive across various devices.

Web Music Player -Designed and implemented features like play, pause, skip, and volume control, along with playlist management.Ensuring responsiveness and cross-browser compatibility was a key focus.This project deepened my understanding of JavaScript,DOM manipulation, and web application optimization.
