SKILLS

Technical Skills: Responsive Web Design, Tailwind CSS, MongoDB, Express.js, Node.js, RESTful APIs, Git, Redux, React, JavaScript, CSS3, HTML5

Soft Skills: Time Management, Effective Communication, Teamwork, Problem Solving

PROJECTS

FriendLoop | *HTML5, CSS3, JavaScript, LocalStorage, Firebase*

-  Deployed Link : <https://fb-clone-masai.netlify.app/>
-  Github Repo : https://github.com/imRahul05/masai_WEB205_Unit_3_Facebook_clone
- Developed a Facebook-inspired web application featuring authentication, posting, notifications, and commenting functionalities.
- Implemented secure user authentication and session management using Firebase.
- Designed interactive user interface components with HTML5, CSS3, and JavaScript.
- Utilized LocalStorage to enhance user experience by storing essential data on the client side.
- Collaborated on building real-time notification and commenting systems to improve user engagement.

PillPal AI | *React.js, Firebase, Tailwind CSS, JavaScript*

-  Deployed Link : <https://pill-pal-ai.vercel.app/>
-  Github Repo : <https://github.com/imRahul05/PillPal>
- Developed a user-friendly medication tracking interface using React.js and Tailwind CSS.
- Implemented smart reminders for dose management and refill alerts to improve medication adherence.
- Integrated Firebase for secure user authentication and real-time data storage.
- Created interactive reports and insights to help users monitor dosage patterns and medication history.

FinSage AI – Personal Finance Assistant | *React.js, JavaScript, Tailwind CSS, Firebase,*

Git, GitHub

-  Deployed Link : <https://finsage-ai.vercel.app/>
-  Github Repo : https://github.com/imRahul05/Fin_service/tree/main/fin_service
- Participated in developing a personal finance app to help users manage income, expenses, investments, and loans.
- Implemented a dynamic dashboard and scenario planning features using React.js and Tailwind CSS.
- Integrated Google Gemini AI to deliver personalized financial advice and analytics.
