PROFESSIONAL SUMMARY

Results-driven **Full-Stack Developer** with expertise in **ReactJS**, **Node.js**, **MongoDB**, and **Firebase**. Proven experience developing **scalable web applications**, implementing **RESTful APIs**, and integrating **AI technologies**. Proficient in **JavaScript**, **responsive design**, and **performance optimization**. Strong background in **Agile development** and delivering solutions that address real-world business challenges.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Design, Context API
Backend	Node.js, Express.js, RESTful APIs, JWT Authentication, API Integration
Databases	MongoDB, Firebase
Tools & Cloud	Git, GitHub, VS Code, Firebase, Vercel, Version Control
AI/Visualization	Gemini AI, Chart.js, Plotly.js

EDUCATION

2024–2025 **Software Development Course**, Masai School – *Full-Stack Development*
2022–2024 **Master of Computer Applications (MCA)**, VTU – **84%**

PROFESSIONAL EXPERIENCE

Full-Stack Developer 2024 – Present

- Build 3+ full-stack applications using React.js, Node.js, and MongoDB with detailed AI integration
- Enhanced performance achieving 15-20% faster loading times through component reusability
- Built secure RESTful APIs with JWT authentication and real-time data synchronization

KEY PROJECTS

FinSage AI – Personal Finance Assistant [View Project](#)

Tech: React.js, Tailwind CSS, Firebase, Gemini AI, Chart.js

- Developed comprehensive AI-powered finance app with dynamic dashboard, expense tracking, and investment analysis
- Integrated Gemini AI for personalized financial recommendations and automated categorization
- Delivered 15% performance improvement through outlined component architecture

CRMS – Candidate Referral Management System [View Project](#)

Tech: React.js, Node.js, MongoDB, Express.js, JWT, Plotly.js

- Engineered comprehensive full-stack HR system for referral tracking with role-based access control
- Created admin dashboard with statistical analysis using Plotly.js for data visualization
- Deployed secure authentication and MongoDB database schema design

PillPal AI – Medication Management System [View Project](#)

Tech: React.js, Firebase, Gemini AI, Tailwind CSS

- Built intelligent medication tracking with AI-powered reminders and real-time notifications
- Implemented Firebase Authentication and responsive UI with 20% performance optimization

ACHIEVEMENTS & CERTIFICATIONS

Smart India Hackathon Winner 2023 [View Certificate](#) – National-level innovation award

Core Competencies Problem Solving, Team Collaboration, Performance Tuning
