EDUCATION

Visvesvaraya Technological University

MCA - 9.0 CGPA

2022 - 2024

PROJECT

FinSage AI – Personal Finance Assistant [↗](#)

- Built an **AI-powered personal finance app** to help users manage income, expenses, investments, and loans.
- Features include a dynamic dashboard, personalized AI financial advisor, analytics, and scenario planning.
- Integrated **Google Gemini AI** for smart advice, **Firebase** for **backend**, and React with Vite for the frontend.
- **Tech Stack:** React.js, Vite, Tailwind CSS, Firebase, Google Gemini AI, Chart.js

Bloogyy App [↗](#)

- Developed a dynamic blog platform using **React.js** for frontend interactivity and **Node.js with Express** for backend logic.
- Implemented **MongoDB** for scalable data storage and integrated **Firebase** for secure authentication and real-time updates, ensuring a responsive user experience.
- Enabled community engagement through interactive features like **commenting** and **upvoting**, fostering vibrant user interaction.

AI Converso [↗](#)

- An AI-powered chatbot with a sleek **dark mode** using **Supabase** and **Google Gemini API**.
- Built with **Vite-React** and **TypeScript**, it features chatbot functionality powered by the Google Gemini API, a dark mode for better user experience, and a "**New Chat**" feature to start fresh conversations.

Community Care Web App [↗](#)

- Developed a donation app using **Flutter**, **Dart**, and **Firebase** with **Razorpay API** for seamless payment integration.
- Enabled real-time data management, secure user authentication, and smooth donation transactions.

SKILLS

Technical Skills:

- **Languages:** C, JavaScript, TypeScript
- **Frameworks & Tools:** React.js, Redux, Thunk, ContextAPI, Router, Express.js, RestAPI,
- **Databases:** MongoDB, Firebase, MySQL
- **Software & Dev Tools:** Git, GitHub, VS Code, Cursor

Soft Skills:

- Problem-solving, leadership, teamwork, and adaptability.
